Chair [EX]

Having now resigned from the board, I would like to take this opportunity to thank everyone I have worked with over the last 12 years.

During these 12 years there has been some very challenging times for Hillhead Sports Club. I believe that we have always managed to come back stronger and I feel the club has adapted well to the fact we have had to run the club on a more professional business model to achieve good facilities for our members.

I am confident that the current board will be equally as successful in taking the club out of this current crisis.
